Elevators and escalators safely move more people than any other form of transportation. See how they compare!

**ELEVATORS**
- If the elevator stalls, stay calm and wait for help to arrive.
- Stand clear of closing doors.
- Watch your step when entering.

**ESCLATORS**
- No strollers, carts, or wheelchairs.
- No climbing, sitting, or riding the handrail.
- Stand clear of the sides and hold the handrail.
